REMARKS

Applicant presents claims 1 to 9 and 29 to 37 for examination. Claims 1 and 29 are independent.

This amendment is being re-filed, at the request of the Examiner, for the following reason. A substitute specification was required by the Patent Office, and submitted. The claims of that substitute specification were filed after the original filing of this Preliminary Amendment. In order to avoid confusion, this Preliminary Amendment is being re-filed so that the claims are part of the record after the claims of the substitute specification. Except for this paragraph, and corrections to the header, this Preliminary Amendment is the same as that which was filed with the application.

Entry hereof and early passage to issue are respectfully requested.

Applicant's attorney can be reached at the address shown below.

Please apply any fees associated with this Preliminary Amendment to Deposit Account 06-1050.

Respectfully submitted,

Date: October 10, 2007
